POOLS

YOMSI
SEATING FOR BIG EVENTS

TECHNICAL DESCRIPTION

Padded element, not only a container for plastic bubbles, but also a creative and usable space for different situations and playing activities.

INTERIORS
FIRE-RETARDANT open-cell polyurethane foam padding, density 25 kg/m³.

FABRICS AND ACCESSORIES
Cover is made of eco-friendly polyester fabric called Monet/Green Cover, elastic, soft to the touch, non-slip, waterproof, abrasion-resistant, tear-resistant, washable, phthalate-free and fireproof Cl. 1.
Covers are equipped with zippers, cursors are hidden in appropriate pockets.
Velcro straps, cm. 5, used to anchor paths, pools and protections are of excellent quality and very resistant.

COLORS
Upon customer's request, each item can be supplied with a different color to be selected from the wide range of colors proposed.

SAFETY REQUIREMENTS
Omsi srl, responsible for the design, manufacturing and packaging of the Soft products guarantees that the same are manufactured in full compliance with European regulations in terms of quality and safety.

CLEANING AND MAINTENANCE
The covering is completely removable, It is recommended to wash covering and internal padding separately.
Fabric can be rinsed out with a sponge and a degreasing product, even with a 20% alcohol solution, or washed by hand or in the washing machine with neutral detergent at a maximum temperature of 60 ° C. Do not iron.
The internal padding in polyurethane foam can be dusted with a compressed air jet. Do not wash.

CERTIFICATIONS
All products are certified to be fireproof Cl.1IM.
