# M94

# TECHNICAL DESCRIPTION

# M94

Dimensions: width 395 mm, depth 295 mm, height 85 mm.

OMSI's Model M94 is a Stadium seat without backrest which grants the user to enjoy the sport event in the maximum comfort without sacrificing strength and durability.

Complying with the European standards UNI EN 13200-1-4; tested by appropriate national and certified labs, specialized with wood and furniture. M94 also complies with European standards UNI EN 12727:2017 (level 4 – severe).

Injection moulded with first quality coloured copolymer polypropylene, fire resistant reaction class 1, also addicted with Anti-UV treatment (standard or long range) to ensure maximum resistance to UV insulation rate.

Seat is composed of a solid base with transversal reinforcement ribs and increased thickness next to the fixing points. The surface is smooth and shiny to facilitate cleaning operations. The drainage hole is provided in the central part of the seat and prevents water and dirt stagnation. Once installed on the step, the seat terminates exactly at the edge laying on its entire perimeter. Fixing holes are protected by appropriate vandalism proof closing covers provided in the same colour of the seat.

Seat numbers, 45x18 mm are made with plastic material (or aluminium) and are located in the appropriate slot in the front part of the seat for easier viewing from below by climbing the steps. The plate is fixed using n.2 rivets 3,2x7 mm.

## Installation options:

1. Direct on concrete step in 2/3 points with M8/M10 anchors or screws;
2. Riser mounted on a polyamide or metal bracket in 3 points using M8/M10 anchors;
3. Floor mounted on metal beam fixed to the step floor in 4 points with M8/M10 anchors.
